WOUNDED MEN TO
RETURN TO WORK

Two Lake Shore Brakemen
Shot by Tramp Are Not Badly
Hurt—Altar Boys Will
Meet at Elkhart.

ELKHART, Ind., May 7.—The condition of H. C. Ritter and S. L. Gengerich, Lake Shore brakemen who were shot by a tramp near South Bend Wednesday afternoon is such that both will be able to resume work within a week.

In a pathetic letter to Undertaker C. E. Walley of this city, Mrs. Ella Ivy of Marvell, Kan., mother of Sheddric Ivy who was drowned in the St. Joseph river last Sunday, asks that the body be not buried until she makes an effort to raise money to have it sent home.

Nearly 70 boys, acolytes of the Michigan City diocese of the Episcopal church from seven parishes including St. James' of South Bend, will hold their annual meeting in this city next Saturday. Archdeacon Baynton of Huntington will deliver the convention sermon which will be followed by communion and a banquet.

Mrs. Sophia Weiler, 83, a resident of Elkhart for 67 years is dead after a week's illness due to pneumonia. Three sons and four daughters survive.

The official reports of the three Elkhart banks show an increase of \$296,000 in two months. The deposits total \$2,700,000.

In an impressive address before the Woman's Franchise league here the Rev. Victor von Kibinski of South Bend told of the progress made by the Hungarian residents of that city. He declared that every one of his fellow countrymen was anxious to become a good citizen of the nation of his adoption and all that was needed from his American brother was "a little human sympathy." He asserted that one of America's chief needs was a "little more Christianity and a little less churchianity."

John Wogoman, manager of the Dupont Telephone Co., is in a serious condition as the result of being severely shocked today when a short circuited power wire came in contact with a telephone wire with which he was tinkering. Nearly 2,000 volts passed through his body.

CONDEMNNS HIGH SCHOOL

Board of Health Objects to Conditions at Greencastle.

GREENCASTLE, Ind., May 7.—By an order of Dr. John N. Hurty, secretary of the state board of health, the Greencastle high school building has been condemned and can not be used for any school purposes after June 15, commencement time for this year. Dr. Hurty some time ago sent a representative here to look over the school, about which many complaints have been made. Insanitary conditions are given as cause for the condemnation. Several weeks ago J. B. Pearcey, state high school inspector, was here, and the state board of education, on Mr. Pearcey's recommendation, refused to renew the commission for this year, saying the present one would expire June 20, 1917.

Unless the building can be put in condition for next year, Greencastle will be without a high school building. The school board has started extensive repairs on the building and it is believed that with this work under way and a new high school building in sight, the state board of health and the state board of education will grant the local school a new lease of life.

BUGLE DOES DOUBLE DUTY

Same Instrument Heard in Battle Sounds Taps Over Grave.

CRAWFORDSVILLE, Ind., May 7.—When the body of John C. Maxwell of this city, Spanish-American war veteran, was lowered into the grave at the Massena cemetery yesterday, the bugle that sounded taps for Maxwell was the same instrument and was blown by the same bugler who sounded the call for the charge at the battle of San Juan in the Philippines, in which Maxwell was engaged.

C. C. McClure was the bugler. Following the battle, the captain of the company presented McClure with the trumpet. At that battle Maxwell suffered exposure, causing a bronchial affection that eventually resulted in death. Maxwell was partly deaf. He was for years a mail carrier in this city. He is survived by the widow and one child.

His partner, Thomas H. Cole, confessed and was sentenced to Jeffersonville last week for complicity in the same offense. Dearmond left a note to W. E. Scott, sheriff, describing his escape. He was detained in the woman's department. Using a small wire, he reached through the cell grating, hit the ward keys from a hook, unlocked the door and left the jail building through a window. He wrote that he had had the keys twice before but deferred his escape until a more opportune time.

Dearmond and Cole came from Wabash. They were arrested two weeks ago for attacking and robbing Milchens, an Erie employee. Dearmond has served time at Jeffersonville, going up from Wabash.

Our Corsetiere says of the

Binner
Corset

"It's a pleasure to fit
a Binner Corset"

It is a pleasure because of the admiration it incites from the one being fitted.

Only yesterday a prominent South Bend woman said to our corsetiere:

"I am greatly pleased with the Binner Corset you fitted me with last Monday. I really consider it the best corset I ever wore. Not only does it give me the figure I like but it's the most comfortable corset I have ever had."

Every woman that has been fitted with a "Binner Corset" is pleased. We have yet to hear of one single dissatisfied Binner wearer.

The fairest way to present the Binner is by a trial fitting. Come in and allow our corsetiere to try one of the new Binner models to your figure.

BUT these demands are MINIMIZED to the relief of the hard-pressed parent, when the Young Folks' Shoes are bought at Baker's. We certainly do know how to put the WEAR into our shoes—RESULTS prove that!
